

## Chesapeake Bay Environmental Center

### Summer Camp Assistant Counselor – Volunteer Opportunity

\*Open to students ages 16-18

#### CBEC Overview:

The Chesapeake Bay Environmental Center is a private, non-profit located on the Eastern Shore in Grasonville, Maryland dedicated to creating the next generation of Bay stewards by providing “hands-on, feet-wet” environmental education. Our summer camps allow students to explore life around the Bay through science, environmental studies, arts, and recreation.

Our summer volunteer program offers great experience for high school students interested in any of these fields of study: education, environmental studies, recreation, or biology. These are unpaid volunteer positions; however you can receive community service hours for your time.
